“ To Kathy's Family,I've known Kathy since she helped in my kindergarten classroom as part of a volunteer program in the public schools. I witnessed, each day, Kathy's gift to listen to and talk with young children. I always valued her dedication to her volunteer work. Even after I retired, Kathy & I kept in touch with phone calls, walks, notes & visits at her apartments. I was, many times, impressed with her talent of poetry-writing. I extend my deep sympathy to Kathy's family. I will miss her presence in my life.

“ Dear friends and family, You have my deepest sympathy and condolences over the loss of Kathy. As a volunteer at the Oskaloosa Care Center, I got to visit her numerous times there. We would read the Bible and pray together. She really loved the Lord. She was a special lady. We will miss her.

“ Dear Francis, Charlene and families, We were sorry to read about Aunt Kathylene's death. I have fond memories of visiting at the little house in Evans. I wrote to her years ago on her birthday and she answered in a lovely letter. I hope her later years were peaceful and she was happy. She was a special lady to me.
