“ Bev, she was the most loving and gentle soul. At night times when I would check on her... I always had to give her a kiss and say I love you. She would smile and say thank you and love you or I knew it was you...she was the bestest lady. Thank you for sharing her and letting us love on her. Loved Miss Bev so much she was a blessing and joy to spend time with each day. Miss her so much. Saturday morning I offered to load her up and go to mcDonalds for breakfast and drive around she so thought that sounded like fun and so good to have to eat for breakfast. Now she can be with Jesus walk run garden and be the best guardian angel ever. She lived her family so much and I will forever remember how happy she was on Christmas nite. Thoughts and prayers to Ed and all the family. She was truly an awesome lady. She will hold a special place in my heart always.. Stephanie Nossaman
