“ I received a Facebook note last week and tried to reach Barbara to answer her I had no idea and was most upset to learn of her passing. We kept in touch a few times a year mostly for birthdays and such.. We have known each other since kindergarten and were very close during our youth. I hope someone reads this. “ My heartfelt condolences on the loss of your mother. I've often wondered about your family & where everyone moved to... I haven't seen Bruce since my grade school days when he worked after school at the YMCA & then how can I ever forget running into Bonnie on an elevator at Children's Hospital in St. Louis on one of first days of work! Your mother did a wonderful job of raising her children & I have no doubts you all made her so proud! - Becky (Johnston) Moore
