“Cousin...so many memories it is almost impossible to choose. At the lowest times in both of our lives we were there for each other...many laughs and a few tears but we were always there for each other through the hard and lonely times. One memory I will always cherish is all the time we spent with Nikki and Wes when they were growing up. I remember when we all went to adventureland and you refused to ride on the tornado rollercoaster so I took the kids myself. I will never forget how big their eyes got when we were going up that big hill and little Nikkis voice saying "this is scary" ... when we got to the end, I thought they would be in tears, but they loved it and was ready to go again. I remember when i got my first 4 wd truck. You tried to tell me not to drive down that level C road at midnight with the kids asleep in the backseat after it rained two days strait... you weren't very impressed when we had to carry them 1/2 mile to solid ground. And that is only the tip of a very huge iceberg of memories....

Good bye my faithful cousin, buddy and true friend. Thanks for being there when I needed you most...!

*Loved you like a brother.

“Robert and I are saddened by the news of Danny's passing. We enjoyed having Danny work for us as he always had a story to share. We have missed not having him at the shop these past few years. May you now rest in peace.
Thoughts and prayers to family.

Patty, I'm so sorry to hear of your profound loss. I clearly remember listening to your stories of all those family cookouts and the many good times out on the river. You and Dan seemed to be masters of creating fun! I'm thinking of you.
